# 1 Introduction

Client software for Android phones and tablets supporting the latest ZIP branded networked digital video recorders and IP cameras offering live view (with PTZ control) and playback, both with picture snapshot and recording to the local device.

Push Notifications and Remote Setting are new features added to the ZipVision Pro app, allowing motion detection or other alarm trigger alerts to your phone and access to basic remote settings of the DVR allow for remote set up of the DVR, NVR or IP Camera.

## 1.1 Key Features

This ZipVision Client is an iPhone and iPad application with specific support for the latest Zip NVRs, DVRS, IP Cameras and the RoomWatch Camera.

Features include...

- > Real-time video preview of up to 16 channels
- > Playback up to 4 channels
- > PTZ Control for camera movement
- > Preset activation and configuration
- > Snapshots and video clip gallery

## 1.2 Downloading the App

1. Open the Camera app on your Smart Device.
2. Select the rear-facing camera. Hold your device so that the **QR code** appears in the viewfinder in the Camera App...
3. Tap the notification to open the link associated with the **QR code**.

## 2 Adding a Device

Once your NVR, DVR or IP Camera is set up on the network. Then you can use P2P to connect to your device.

1. Go to the Menu in the App and Select **Device List**

2. Click "+" then select **IPC/NVR/DVR**

3. **Scan** the QR Code for the device, this is printed on the the DVR/ NVR/ IPC

4. Enter the **credentials** to login to the device and select **"Save"**

5. Go back to the Home Screen and Select the Device below to view the images

### 3 Push Notifications

The ZipVision Pro App can be setup for Push notifications when the DVR detects motion, or another alarm trigger.

*Note:- Before attempting this setup ensure the DVR, NVR or IP Camera has already been setup to connect with the App.*

Step 1. Go to **Notifications** from the menu in the ZipVision Pro App

Step 2. Select the **Settings** (sprocket) icon at the top right

Step 3. Find the **Device** in the list, then move slider on the right

## 4 Specification

iOS App	
Feature	Specification
Size	95MB
Category	Utilities
Compatibility (iPhone)	iPhone Requires iOS 8.0 or later
Compatibility (iPad)	iPad Requires iPadOS 8.0 or later
Compatibility (iPod Touch)	iPod touch Requires iOS 8.0 or later
